

Algiers Charter Schools Association

Education...Just Different

The Algiers Charter School Association, a non-profit charter school management organization, consists of nine open enrollment charter schools on the Westbank of New Orleans. Founded in 2005, the ACSA was the first to open five schools to several thousand students following Hurricane Katrina. The teachers and administrators work daily to increase student achievement throughout the Association by implementing local and national teaching based programs and strategies, such as the Teacher Advancement Program System (TAP). ACSA's effective use of TAP has pushed the organization in the forefront of transforming the culture of education in New Orleans. As collaborative partners, ACSA will further the development of the students in the ACSA charter schools by cultivating a strong home/school partnership and maintaining the fidelity of the TAP System in all schools.

Today, the ACSA consists of more than 5000 students and employs over 200 teachers. For more information on the Algiers Charter Schools Association and its schools, visit www.algierscharterschools.org or call (504) 302-7000.
